Hope2Families aims to provide a safe and enjoyable experience for every child or young person. To help us do this, please note the following important information:

- All questions on the consent form must be completed and signed by the parent or carer before any child takes part.
- ** Parental consent should always be gained for children aged under 16. For young people aged 16 and 17, the decision on whether parental consent is necessary depends on the activity and the young person's circumstances.*
- Parents and carers must ensure they notify us of any changes to the information given on the form.
- Parents and carers must make arrangements for children to be brought to and from the activity safely and on time. If a parent or carer is not able to collect their child, they need to let us know in advance who will be doing so.
- We cannot take responsibility for any damaged clothing and/or personal items during the activity.
- Parents and carers should ensure children have sufficient water, food, clothing, sun lotion and medication (where appropriate) for the duration of the activity.

Parents/Guardians must agree to the following:

- I agree to YES/NO below:

◆ My child taking part in the stated activity

◆ Hope2Families keeping a record of this form for health and safety reasons

◆ Any medical treatment that my child may need to be given in an emergency

◆ My child is being filmed or photographed during the activity, with the possibility that these photographs/media recordings may be used for publications or marketing publicity. Hope2Families will take all steps to ensure these images are used solely for the purposes for which they are intended.)

Note: if consent is not given, Hope2Families will not use any images taken during the activity that contain the child/young person.

I understand that my child needs to follow the behaviour code and any safety rules so that Hope2Families can keep them and other children safe.

I give permission for my child to walk to or from home.

I give permission for my child to be picked up in a car by two leaders who have gone through the appropriate safeguard training.

If a young person aged 16-18 has sufficient maturity to make their own decisions, lives separately from their parents and/or has little contact with them, we will consider allowing them to participate without their parent's consent.

- This decision will depend on the capacity of the young person concerned, our charity's understanding of the reasons why parents or carers should not be consulted, and an assessment of any risks involved.

- We will contact the NSPCC Helpline on 0808 800 5000 or by emailing help@nspcc.org.uk for help making this decision. Their trained professionals will talk through the situation with us and will give us expert advice.

We recognise the need to ensure the welfare and safety of all children and young people. In accordance with our safeguarding children and young people policy we will not permit photographs, video or other images of children and young people to be taken without the consent of the parents/carers and children.

We will follow the guidance for the use of photographs, a copy of which is available from on our website, under the safeguarding heading. Hope2Families will take all steps to ensure these images are used solely for the purposes they are intended. If you become aware that these images are being used inappropriately, we will inform our senior/deputy safeguarding officer as well as our media/photograph coordinator.
