SUPPORT PROGRAM

POVERTY CARE SUPPORT

DECIDE | DISCIPLE | DECLARE

## *| Understanding the difficulty*

We will journey with you, acknowledging the widespread problem of poverty that affects so many, whilst being pragmatic as to how we can help you.

- Practical help
  - Financially
  - Emotionally
  - Medically

## *| Offering support:*

We will walk step by step with you through this process, so at no point will you ever feel alone, but you will have a community and support network behind you.

- You will have our email
- You will have our phone number
- You will have access to our centre
- You will have access to our volunteers
- You will have access to our social media and online content
- You will be made aware of areas, centres, churches and organisations that can help you begin to be proactive in reorganising your life.

## *| Further links for support*

Here at Hope2Families we do not claim to know it all, or be the most intelligent, the most experienced, or the best, but rather we recognise the massive need and the beautiful simplicity of just being there day by day when the situation seems hopeless.

However, there are those out there who are experienced, intelligent and the best in their field, we seek to point you in the direction of those people who can provide further support.

### Nidirect for low income

- In this link you will have access to guidance on benefits for students, cost of living payments, energy saving grants, help with health costs, housing benefit and rate relief for tenants, income support (and with child support), plus more

<https://www.nidirect.gov.uk/information-and-services/benefits-and-financial-support/low-income>

### Belfast city council

- In this link you will find access to information on cost of living support within the locality of Belfast.

<https://www.belfastcity.gov.uk/poverty>

### FareShare

- In this link you will have access to information on how to get food

<https://fareshare.org.uk/fareshare-centres/northern-ireland/>

## **| *Raising awareness and fundraising:***

We desire to raise both funds and awareness for those who are journeying through this area of poverty care. We recognise the difficulties families face during these times and so we want to alleviate as much stress and anxiety as possible. We do this by making people aware and raising funds that can go towards surgeries, medication, treatment and anything 'cost of living' related.

## **| *Hope that we aim to instill:***

Hope brings relief in the conviction that things will get better. We simply will abide with you and illustrate that hope can always be found, it is simply a matter of perspective and where you look. We want to showcase that hope can only be found in Jesus, and the practical help we provide is motivated by this truth.
